- Extended Year Salary -- an extended year is defined as that period of time in addition to the regular period of service of a certificated employee for regular assignments in the Year-Round School Program. Any days added to the current year's assigned working days will be paid at the employee's daily rate of pay. Less than full-day assignments will be prorated on the basis of the hours worked divided by eight (8).
- A Master stipend (\$1100) will be paid for employees holding a Master's Degree from any accredited institution in the field of or related to education. Part-time employees will receive the Master stipend on a prorated basis.
