2022-23 School Overview

Fiddyment Farm Elementary School opened its doors on August 19, 2013. We are a TK-5 elementary school in West Roseville, CA. Since opening we have grown to nearly 700 students. We currently offer Transitional Kindergarten classes and extended day Kindergarten. All of our classes are taught by fully credentialed teachers with an average of 15 years experience. Our classrooms all have the latest technology, including 70 inch televisions and apple TVs for projection, Chromebooks that utilize Google Suite, and handheld devices for students to utilize while maximizing their academic growth and personal development. Each grade level works together in Professional Learning teams to develop Common Core standards based lessons that are designed to reach all learners. Intervention and enrichment are a part of the curriculum in each grade level.

Mission Statement:

We at Fiddyment Farm are committed to maximizing student learning in a collaborative, respectful, and safe environment to ensure all students become a positive F.O.R.C.E. in society.

- F Focused
- O Organized
- R Respectful
- C Compassionate
- E Encouraging

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Roseville City Elementary held a public hearing on September 1, 2022, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

General

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the Maintenance Office.

Maintenance and Repairs:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District annually inspects wheelchair lifts, tests fire extinguishers, inspects and services all playground backboards, replaces bark on playgrounds and landscaping, and services HVAC units.

School Facility Repair Status:

Overall Summary of School Facilities Repair Status – Exemplary

The inspection included a check of possible gas leaks, mechanical systems, interior and exterior doors and windows, interior surface areas, structural damage, electrical, playground equipment, and hazardous materials. In all areas this school passed inspection.

Cleaning Process and Schedule:

The District has adopted cleaning standards for all schools in the District. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget:

Year and month of the most recent FIT report

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollarfor-dollar basis, to assist school districts with expenditures for major repairs or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

We are fortunate to have hard-working, dedicated parents and teachers who make up our Parent Teacher Club (PTC.) The PTC at Fiddyment Farm works tirelessly to provide and coordinate programs and activities to make our students' lives full and encourage a positive connection to school. Post COVID-19, our PTC has created goals to bring back community events such as the annual Harvest Festival, and School Carnival, after-school enrichment classes, Skate Nights, and other inclusive family events. and many more have had to be placed on hold. The PTC also does a wonderful job organizing our school Book Fair, which brings in funds to support our school library with new and current books for our students to choose from. The PTC meets 5 times per year socially distanced in our MPR at 6:30 pm.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Evacuation, Shelter, Hold, Secure and Lockdown drills are practiced on a regular basis at Fiddyment Farm Elementary School. Staff and students are updated on safety practices periodically throughout each school year and when events warrant.

Fiddyment Farm School participates in the California Safe Schools Assessment Program. The Roseville City School District has developed a Crisis Response Plan that outlines the procedures to be followed in the event of an emergency affecting the school site. The plan includes procedures for coordinating resources to respond to any emergency including natural disasters, environmental health issues, accidents, or intruders. Staff have been assigned roles and trained to work efficiently with each other and with other public service officers to ensure the safety of students and staff.

Fiddyment Farm School uses the Raptor Incident Management program for drills and emergency events to utilize a district wide consistent digital student and staff accountability system to help streamline the emergency processes and reunification procedures.

Fiddyment Farm School has a Comprehensive School Safety Plan (CSSP) which is updated annually by the Safety Committee and approved by the School Site Council. Our safety plan will be analyzed, updated and presented for approval before February 1 of each calendar year.

Fiddyment Farm School utilizes the Raptor Visitor Management System, which scans the identification of all visitors on campus through a database, to screen for anyone with a criminal background or custody concern, and creates a safer and more efficient visitor check in method.

2021-22 Types of Services Funded

The majority of the school's funding goes directly back into the classes by way of professional development for teachers to enhance instruction, assessments tools and time for collaboration to ensure all students are meeting essential standards.

Time is also spent developing intervention for our struggling students and improving enrichment opportunities for students who perform above the expected standards. Funding also goes toward adding hands on materials and updated technology into our student's daily learning. The school community believes strongly that helping students make connections to school creates a better learning environment for all and an increase in academic achievement.

The staff is dedicated to maintaining our sense of community by involving all students in annual events (i.e. Starstruck Dance Show, School Musical, and Winter and Spring Music Performances.) Staff also reaches out to each individual student by sending a postcard home during the year. The students and staff gather bi-weekly to celebrate citizenship and honor those who have demonstrated our FORCE characteristics in our interactive SING program. In each class, teachers implement the Second Step Social Skills curriculum to help all students navigate through social and emotional situations.

Professional Development

In alignment with the Roseville City School District board goals, the Professional Development Advisory Committee (PDAC) plan was developed to create a comprehensive three-year professional development plan for the District. Training is provided to administrators and teachers that align with this plan during four professional development days. In addition, the school sites are provided three additional professional development days to focus on school site goals.

The priorities for Fiddyment Farm are strengthening our tiered academic support with a stronger focus on direct instruction along with improving our RTI (Response to Intervention) model, strengthening our tiered behavior support with our PBIS (Positive Behavior Intervention Supports) program, writing, and EL instruction. These priorities were determined by staff and approved by SSC based on data, collaborative professional input and alignment with site and district goals.

Fiddyment Farm staff is focused on implementing the California state standards using our new ELA and Math curriculums. New and improved assessment methods and models are being integrated into our classrooms for a more diagnostic understanding of individual student need. Staff uses data to make instructional decisions in an effort to advance student achievement.

Staff participates in district provided workshops, works collaboratively in grade level teams each week, attends local and statewide conferences all to broaden the understanding, rigor and implementation of our practice. Our school is led by a teacher driven leadership team with a focus on ensuring each and every child receives the curriculum, instruction, intervention, enrichment and support they need to become a positive FORCE in society.
