## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Junction's mission is to develop life-long learners, one child at a time, through a nurturing, academic community. Our goal is that children will develop a positive self-concept, leadership skills, and a love of learning. Our staff maintains a high level of academic rigor while providing differentiated instruction to support all students continuous growth. Our staff works in professional learning teams to create and develop high quality learning experiences for our students. Staff are trained on and use research based curriculum and instructional strategies to serve the needs of all students. Staff utilizes educational technology to promote critical thinking, communication, collaboration, and creativity.

Our staff works to create a safe and positive learning environment for all. Junction has implemented a school wide system for Positive Behavior Intervention and Supports (PBIS), which establishes clear behavior expectations, recognizes and reinforces positive behaviors, and provides additional behavior support when necessary. Junction staff also works to support students in becoming lifelong leaders. Staff incorporate instruction on integrity, goal setting, being mindful of others, working together, and being proud of personal accomplishments in the classroom. Students learn to take ownership of their learning and behavior, becoming the leader of their own lives, and impact their community by taking leadership roles within the classroom and school.

Junction students have the opportunity to participate in a variety of leadership and visual/performing arts opportunities, including Drama Club, Choir, a dance program, leadership teams, charity events, and after school programs.

Socioeconomically Disadvantaged	12.0
Students with Disabilities	10.3

#### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Roseville City Elementary held a public hearing on September 1, 2022, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

## School Facility Conditions and Planned Improvements

### General

The District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the Maintenance Office.

### Maintenance and Repairs:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District annually inspects wheelchair lifts, tests fire extinguishers, inspects and services all playground backboards, replaces bark on playgrounds and landscaping, and services HVAC units.

### School Facility Repair Status:

Overall Summary of School Facilities Repair Status: Exemplary

The inspection included a check of possible gas leaks, mechanical systems, interior and exterior doors and windows, interior surface areas, structural damage, electrical, playground equipment, and hazardous materials. In all areas this school passed inspection.

### Cleaning Process and Schedule:

The District has adopted cleaning standards for all schools in the District. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget: The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repairs or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Since 2008-2009 the State has suspended the program due to State Budget Reductions. The District still maintains its own program.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	74	N/A	60	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	67	N/A	50	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents are encouraged to maintain an active role in all aspects of their child's educational program. Volunteers are an essential part of an effective education program, and we invite all parents to become actively involved at Junction. There are many opportunities for parents to volunteer in the classroom, support their child's education at home through extended learning opportunities, and participate in school events. Parents are also encouraged to participate in the School Site Council, English Language Advisory Committee, and Parent Teacher Club. Our Parent Teacher Club organizes several family events throughout the year, which bring our school community together.

## 2021-22 Chronic Absenteeism by Student Group

### C. Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

Our School Safety Plan is reviewed annually. Our School Safety Plan includes a Crisis Response Plan. We conduct safety drills on a regular basis to prepare students and staff in the event of an emergency. Parents have an opportunity to review and provide input on our plan through the School Site Council. Staff receive training on the plan annually and receive and provide feedback following each drill. Staff have an opportunity to review and provide input on the Safety Plan. The School Safety plan was reviewed with Junction staff on January 10, 2023 and with School Site Council on January 12, 2023.

## Professional Development

In alignment with the Roseville City School District board goals, the Professional Development Advisory Committee (PDAC) plan was developed to create a comprehensive three-year professional development plan for the District. Training is provided to administrators and teachers that align with this plan during four professional development days. In addition, the school sites are provided three additional professional development days to focus on school site goals.

Other areas of professional development at Junction include:

Our staff has participated in professional development related to analyzing data to improve instruction, positive behavior interventions and supports, Leader in Me program, and effective instructional practices.

This table displays the number of school days dedicated to staff development and continuous improvement.
