

Memorandum of Understanding between
Roseville City School District and Roseville Teachers' Association

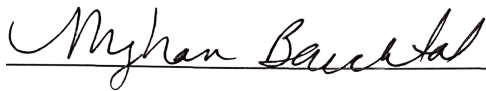

Class Size Ratios for Kindergarten through Third Grade

The Roseville City School District ("District") and the Roseville Teachers' Association ("Association") enter into this Memorandum of Understanding ("MOU") regarding Class Size Ratios for Kindergarten through Third Grade for the 2026/2027 school year.

Each elementary school shall maintain an average class-size ratio of students to teacher for Kindergarten through third grades not greater than 26:1, with no class size exceeding 26 students.

Each teacher with a class size of 26 students shall be compensated \$21.99 per day for each additional student enrolled. This is based on the average district teacher salary divided by the number of workdays divided by 25 students.

This MOU is non-precedent setting and is in effect through the 2026/2027 school year.

Meghan Baichtal, Assistant Superintendent of Personnel Services
Roseville City School District
