EXHIBITS

Section 1.6: External Security

Our servers are located in a secured, locked, and monitored environment to prevent unauthorized entry or theft, and are protected by a firewall. The servers are located in a data center in the United States and backed up daily to a secure, U.S.-based, off-site data.

Section 1.7: Internal Security

Only limited BrainPOP personnel have access to the database, and personnel only access it when necessary to provide services. Personnel with access to Student Records pass criminal background checks and undergo periodic privacy training.

We follow standardized and documented procedures for coding, configuration management, patch installation, and change management for all applicable servers, and we have a third party audit our practices at least once a year.

For more info please visit ttps://www.brainpop.com/about/privacy_policy/

Section II.2: Exporting of Student-Created Content

Districts and schools may request copies of their student personal information (which includes an CSV template file of names, classes and quiz scores), which shall be provided within four (4) weeks of the written request or the administrator on the account can export using the administrator dashboard feature.

For more info please visit ttps://www.brainpop.com/about/privacy_policy/

Section II.4: Review and Correcting Personally Identifiable Information (PII)

Each school or district Administrator has access to a dashboard that allows them to create, update, review, modify and delete individual accounts, and monitor logins within the individual accounts.

Section II.5: Securing Student Data

Our servers are located in a secured, locked, and monitored environment to prevent unauthorized entry or theft, and are protected by a firewall. The servers are located in a data center in the United States and backed up daily to a secure, U.S.-based, off-site data center.

We apply a Secure Sockets Layer (SSL or HTTPS) encrypting technology to encrypt data in transit between the server and the browser remains encrypted. We also encrypt the data at rest.

Governance policies and access controls are in place to ensure that the information of each district, school, or other subscriber is separated, and all subscribers can only access their own data.

Only limited BrainPOP personnel have access to the database, and personnel only access it when necessary to provide services. Personnel with access to Student Records pass criminal background checks and undergo periodic privacy training.

We follow standardized and documented procedures for coding, configuration management, patch installation, and change management for all applicable servers, and we have a third party audit our practices at least once a year.

Section II.6: Disclosure Notification

BrainPOP will provide the District of an actual breach within 72 hours of becoming aware of the breach. BrainPOP will cooperate with the District, so the District can notify affected parents or students but we will not contact the parents or students directly.

Section II.8: Family Educational Rights and Privacy Act (FERPA) Compliance

BrainPOP agrees to operate as a school official as the term is used in the Family Educational Rights and Privacy Act (FERPA), and operates at the direct control of our school and district customers with respect to our use and handling of their student records.

Section III.5: How Student Data is Protected:

ervers are located in a secured, locked, and monitored environment to prevent unauthorized entry or theft, and are protected by a firewall. The servers are located in a data center in the United States and backed up daily to a secure, U.S.-based, off-site data center.
