5. Parent Survey review	Discussion	Marty and Council	5. The council reviewed the Parent Survey results. Marty mentioned that over 164 respondents completed the survey, which represented over 233 students. One pattern noted was that the numbers ‘Agreeing’ and ‘Mostly Agreeing’ were higher percentages this year ranging in the high 80 to 90%. Another pattern was that the numbers ‘Agreeing’ and ‘Mostly Agreeing’ were down with the Common Core/Statewide testing statement (#7). Terri Darby suggested it was the ‘statewide testing’ piece that might have thrown respondents off in their agreement. Two other patterns were noted. In the category Parent Input and Student Engagement/ School Climate , statements #16, (Parent input) and #20 (convenient time), the % rating for ‘Agreement’ was lower than the other items in this same category. The numbers are such: #16; 59%, #20; 47% vs. 78%, 66%, 73%, 90%, 80% 70% and 75% ratings in ‘Agree’ category. Parent comments were read and discussed.
6. Establish guidelines for nomination of officers for Site Council.	Approve	Marty and Council	6. The council discussed who would be continuing as members for 16/17.
