

REOPENING + COVID-19 UPDATES

JANUARY 15, 2021

WHAT'S NEW THIS WEEK

1

PROGRESS MADE LAST WEEK

- [Student registration](#) is open for the 2021-2022 school year. Registering early allows each school and program to be staffed with the best candidates.
- When registering, we will gauge parent interest for in-person and exclusive distance learning through the Champions Academy. Families will select their program preference for the next school year, keeping in mind this is not a final commitment.
- Families will commit to in-person instruction or the Champions Academy in the spring when more information is available.
- Placer County Public Health anticipates COVID-19 vaccines for school district staff by early February.

2

WHAT WE KNOW

- Governor Newsom's budget looks promising for schools. We will continue to monitor revisions in the months to come.

3

AS A REMINDER

- If someone isn't feeling well or has COVID-19 symptoms, they must immediately quarantine and contact their local public health authority or healthcare provider.
- As a cautionary measure, if a family member is awaiting a COVID-19 test, awaiting results, or potentially exposed to a positive case, we ask you to self-quarantine your children until results are in.
