

# WEEKLY COMMUNICATIONS

MARCH 11, 2022

1

## BREAKING GROUND

- This morning, our Board of Education and District staff were joined by the Roseville City Council to break ground on RCSD's newest school, Westbrook Elementary.
- Westbrook becomes the 21st school in our district, allowing us to provide facilities, programs and staffing for up to 800 students at full enrollment. We expect to welcome hundreds of students to this new campus in 2023 and couldn't be more excited to see our RCSD family grow!

## CONGRATULATIONS ARE IN ORDER

- Congratulations to the Placer County Administrator of the Year award winners from RCSD! Jamey Schrey-Curriculum and Instruction Administrator of the Year, Susan Fridly-Special Education Administrator of the Year, and Angela Garcia-Elementary Principal of the Year. All three are fantastic leaders and deserving of their awards and recognition in the county!

## 3

### COVID UPDATE

- Following updated state guidance, **after March 11**, RCSD will move to recommend strongly but not require masking indoors for students and staff regardless of vaccination status.
- Please see RCSD's recent community message and [Frequently Asked Questions](#) for current COVID-19 protocols related to masking, quarantining, and isolation for positive cases.
- We urge parents to please speak with your student(s) about your family's expectations regarding masks with this change. RCSD will continue to support and encourage the positivity and respectfulness of all student decisions regarding masks and their health.
- The national government continues to have free COVID-19 rapid tests available. Households may now receive an additional four (4) free tests for a total of eight (8) tests. To order your additional tests, visit the [USPS website](#).
