

# WEEKLY COMMUNICATIONS

SEPTEMBER 10, 2021

1

## WHAT'S NEW

- In order to be better prepared to support our students academically when they are placed on quarantine due to a COVID close contact, RCSD will be asking parents to please complete a form choosing either an at-home or in-school modified quarantine option. Be on the lookout, and please help us by completing the form if you receive it!

2

## SCHOOL UPDATES

- For parents looking to place their child in a remote learning environment, RCSD has two remote programs - Roseville Virtual Academy and Roseville Independent Study. Both programs offer flexibility in a virtual environment with varying levels of live, real-time instruction. [Click here](#) for more information on both programs.

3

## REMINDERS

- Just a reminder, we have some upcoming No School Days to allow our teachers to engage in Professional Development. Mark your calendars - **NO SCHOOL** on:
  - **Thursday, September 30**
  - **Friday, October 1**

4

## NECESSARY NUTRIENTS

- Did you know you can view school lunch menus online to help your family plan for the week? This is a great tool, especially now that free meals will continue for all students this school year. [Take a look!](#)

5

## EXTRA SUPPORTS FOR ALL

- To help foster one-on-one connections and keep students learning, this year RCSD hired a Teacher on Special Assignment (TOSA) for every elementary school in the district. The TOSA program makes it possible to offer extra academic support to students who need it most. We're so thankful for these teachers!
