BEFORE 2:00 P.M.**

Name (Print)	Company Name	Phone Number	Email Address
DAVID GILLAND	AMS/MGT		
Sayed Jafar Saedi	GA Technical		
Greg Argonetti	Gisakom, Inc		
James Rogers	EKC enterprises		
Tom VanderLind	KSTelecom		

Site Walk Recap:

Option 1:

- Discussed that the drawing stated IDF3 on the far left of the page, this should have noted at IDF 8
- Discussed fingerprint rules in that any staff member working on our sites must be fingerprinted through our district, even if the work is being done after hours or during holidays.
- Discussed that all bids for this option must include a 10% contingency fee in the quote.

Option 2:

Group discussion was held regarding what the District was seeking to do for Option 2. After a discussion it was decided that the Option 2 items will be listed as follows, replacing what was in the original RFP:

A unit price contract for as-needed basic maintenance of internal connections. This provides the basis of 'Not to Exceed' (NTE) award before our 471 filing. All work will ultimately be billed under a Time & Material (T&M) invoice on an as needed basis.

- Price per hour cable testing:
