

Dear Parents,

I will not use class time to give your child a pre-test in spelling.

I do recommend that you do this at home so that your child knows which words (s)he needs to study for Friday's test. Each week your child will get a list of words.

I will give your child his/her spelling list of words on Fridays. I will also assign the following week's spelling/vocabulary assignments on Friday. If your child chooses to work on spelling over the weekend, (s)he will get a head start on the next week's spelling assignments.

Monday night's homework will be the two spelling book pages for the Unit/Lesson.

Each Wednesday night your child will need to write the first 15 words in alphabetical ("ABC") order.

Thank you for your attention regarding this notice. For the first week, I will guide the children through each process, so they won't have the weekly spelling homework. We will color code the sound spelling patterns, review ABC order, etc.

Mrs. Bartell
